The simpler and efficient platform with all the features you need to manage your agency

## USER FRIENDLY EVV

The GPS integrated mobile EVV, records the time and location of the check-In and Out, at the point of care. Once the service has been completed, any required documentation can be electronically submitted through the custom forms, notes can be added to the case file, and client and caregiver verify the service with electronic signature. Seamless and paperless!

### BILLING & REVENUE CYCLE

- Billing integrated with State Aggregators.
- Automatic Sync with the State aggregators every 30 mins.
- Fixing visits is fast and intuitive.
- User Friendly reports to give the owner the real status of the Agency.

### ASSESSMENTS AND FORMS

- Ready to use paperless forms
- Import your own forms.
- Schedule recurrent assessments.
- Nurse portal with online form filling.
- Assessments QA section.
- Digital signature.

### PATIENT COORDINATION

- Manage your pool of caregivers efficiently and compliant.
- Blast your open cases through the Caregiver App or via SMS.
- Proprietary Algorithm to match the best Applicant for a Patient.
- Cover patients in minutes instead of hours.
- Easy to create Plans of Care
- Patient Documentation and Conferences.

### SMART HR WITH COMPLIANCE

- Upload all necessary documents, in-services and certifications.
- Track when documents are about to expire and let InMyTeam handle the reminders.
- Caregivers can upload the documents securely through the app.
- InMyTeam will alert agency employees when a caregiver has missing or expired documents.
- 100 % digital onboarding with custom forms and document upload.

### SMART SURVEYS

- Use our satisfaction survey templates.
- Create your own surveys.
- System sends the survey based on your defined schedule.
- Analyze answer from the relative of the patient.
- Proprietary Algorithm rates the work of the caregiver based on the answers of the survey.

### EASY TO USE SCHEDULE

- Simplest Schedule creation tool in the market
- One time schedule can fit all week
- Show how the authorization and the schedule align
- Have an overview of the Agency schedule in one page

### PAYROLL

- Payroll is now a breeze and prepared in less than 5 min.
- Run payroll based on schedule, EVV or both.
- Exportable file for Payroll integration.
- History of payroll with searchable paystubs.
